The route passes through two small villages surrounded by fields, Areias de Cima and Jordão. Soon after these villages, keep an eye on the left for the beautiful sea views (A). Next come the villages of Canto do Ganchos, Praia do Calheiro and Ganchos do Meio, which has a small square where the fishermen gather (B).

Keep along this route and when you reach a junction in the road (C), bear left (following the sign to Ganchos de Fora). After a short descent, take the second road on the left (look out for a red house). Follow this road straight to the end where you will find the entrance to the Resort (D). Welcome to Ponta dos Ganchos!
